Rationale
A person is bullied or harassed when someone, or a group of people, deliberately upset or hurt another person or damage their property, reputation or social acceptance on more than one occasion. There is an imbalance of power in incidents of bullying/harassing with the bullies or bullies having more power at the time due to age, size, status or other reasons.

The school will provide a positive culture where bullying/harassing is not accepted, and in so doing, all will have the right from others, the right to learn or to teach, and a right to feel safe and secure in their school environment at all times.

Aims
- To reinforce within the school community what bullying is, and the fact that it is unacceptable.
- To alert everyone within the school community of the signs and evidence of bullying and to ensure bullying is reported to staff whether a person is an observer or a victim.
- To ensure that all reported incidents of bullying are followed appropriately.
- To seek parental and peer-group support and co-operation at all times.

Implementation
- Bullying may consist of physical harm, harassment, verbal insults or hurtful remarks, or actions designed to hurt somebody’s reputation, social standing or to cause humiliation. Bullying may be carried out directly or indirectly, and may include the use of digital technologies such as social network sites, websites or online chat rooms.
- Our school has adopted a zero position on bullying.
- Our school will combat bullying by providing a safe, secure and stimulating learning environment based on the Effective School’s model.
- We are part of the Beachside schools implementing the Bullystoppers initiative as stipulated on the site; Bullystoppers.com.au
- Our Student Engagement and Inclusion Policy and Program will be read in conjunction with this policy.

Primary Prevention will be implemented through:
- Professional development for staff relating to bullying, harassment and proven counter measures.
- Each classroom teacher clarifying with students to understand the types of bullying, as well as the consequences and impact of bullying.
- Community awareness and input relating to bullying, its characteristics and the school’s programs and response, complemented by clear processes for reporting suspected bullying.
- The provision of programs that promote inclusiveness, resilience, life and social skills, assertiveness, conflict resolution and problem solving which will form an integral part of our
curriculum. In particular, assertiveness training and bystander training that builds skills in children to challenge and/or report unacceptable behaviour will be central to our curriculum.

- The ‘You Can Do It’ education program to be implemented across the school.
- Anti-bullying messages and posters will be displayed around the school.
- Junior School Council, House Captains, Vice Captains, staff and students to promote the philosophy of ‘No Put Downs’. This will be continually discussed in classrooms during circle time.

- Teachers will be trained in cyber safety through the eSmart Program.
- Cyber safety awareness programs will be provided for parents and will form part of each child’s ICT curriculum.

• ongoing monitoring of students involved.
• identification of an agreed key contact staff member for each student involved.
• follow-up meetings regarding each child’s management strategy.
